

# THE PIONEER IN HIGH-PERFORMANCE, MEDICAL GRADE COMPUTING TECHNOLOGY

---

  
**CYBERNET**  
When Reliability Matters 

# CyberMed NB Series

The CyberMed NB series of computers feature Cybernet's hot swap battery technology. Depleted batteries can be swapped out for fresh ones on the fly, allowing for 24/7 operation. These units are perfect for non-powered medical carts.

-  3 Hot Swappable Batteries
-  16 Hours of Battery Life
-  Skylake 6th Generation Intel Core Processor
-  IEC/UL 60601-1 Certified
-  IP65 Rated
-  Antimicrobial

# CyberMed S Series

---

The CyberMed S Series are versatile computers with a wide touch interface for anesthesia applications, operating room environments, EMR software, and patient charting. One of our most powerful computer series for hospitals that want the best in medical hardware.

-  Skylake 6th Generation Intel Core Processor
-  Compliant with Major EMR Brands
-  Fanless Design
-  IEC/UL 60601-1 Certified
-  IP65 Rated
-  Antimicrobial

# Medical Tablets

---

Mobile technology is changing how healthcare is administered. Cybernet manufactures two distinct medical grade tablets designed to meet the specific needs of the healthcare industry.

## CyberMed Rx

---

-  Fully Antimicrobial
-  Rugged and Drop Proof
-  Dual Hot Swap Batteries
-  Imprivata SSO Certified
-  Integrated Barcode Scanner

## CyberMed T10C

---

-  Antimicrobial
-  IP65 Rated
-  Imprivata SSO Certified
-  Integrated Barcode Scanner

# Medical Grade Monitor

*Power a thin client PC from your Medical Grade Monitor*

Cybernet has incorporated hot swap battery technology into a medical grade monitor. This monitor can provide DC power capable of powering a thin client PC. Perfect for non-powered medical carts.

# OUR STORY

---

Founded in 1996, our focus has remained the same: to provide high-performance, space saving computing solutions, customized to fit all unique environments and computing needs. Throughout the years, we have maintained that focus to provide consistent quality, reliability, and the best personalized support in the all-in-one computing business.

**We are the pioneer in high-performance, medical grade computing technology.**
